Nautical Coffee is an off-grid Coffee Roaster and floating boat-up café based on a houseboat on Lake of the Woods. All our Specialty grade Arabica coffee is roasted in our floating coffee roastery. During the winter months we still roast on the houseboat while its “on the hard” at the harbour. The Boat-up café is only open during the summer months.

Nautical Coffee Price breakdown (October 2023):
(Please keep confidential)

Bag size	coffee	Wholesale price	Min retail price	Minimum Order
340 grams	Whole bean coffee	13.25	17.99	12 bags

All Nautical Coffee is sold in one bag size of 340 grams with one SKU for Nautical Coffee.

Nautical Coffee’s two “staple” blends are the **Sailor’s Sunrise** (Colombian Dark Roast) and the **Beach Day Blend** (Colombian Medium Roast). These “staples” are blended to ensure the consistent flavour and aroma that customers have grown to enjoy and call their favorite coffee. These coffees will always be available with their unique and consistent flavours to enjoy.

The Single Origin coffee, The **Lakeside Original** and **Wind Rider’s roast** are unique coffees from a specific region of the country of origin and are not a blend of coffee. The flavour and aroma may change with the differing harvests over time.

We have five specialty coffees to choose from:

Coffee

Flavour Notes

Sailor’s Sunrise
Colombian Dark Roast

A bold cup with hints of chocolate and a smoothness that’s sure to put the wind in your sails!

Beach Day Blend
Colombian Medium Roast

A very smooth balanced cup with notes of blueberry and caramel that will make every day feel like a beach day!

Lakeside Original
Honduras single origin
Medium/Dark Roast

Direct traded from the farm of Merlin Nolasco, this single origin Catuai Coffee has a chocolaty aroma with smooth notes of brown sugar and peach. It makes a perfect cup to enjoy on the lakeside.

Wind Riders Roast
Guatemala Lake Atitlan
Single origin
Light Roast

The largest Lake in Central America, Lake Atitlan’s location within an extinct volcano creates a micro-climate that is perfect for growing coffee.
A lighter roast that has notes of sweet honey, citrus with a hint of chocolate.

Morning Calm
Decaffeinated Espresso
Dark roast

This Swiss Water Processed decaffeinated coffee is like a smooth morning boat cruise without the choppiness of the midday wind.
